

Haystack Project's Industry Roundtable

HAYSTACK PROJECT and RCPC

invite biopharma to join our discussion...

Whether your company is new to Haystack's work or already familiar, please come join us. We will present the policy priorities Haystack has been educating policymakers about.

As our work gets attention, we have been asked about *prioritization, examples, and stakeholder support*. So we are beginning a series of stakeholder roundtables and discussions...

DATE: July 16th, 2020

TIME: 4:30 PM (EST)

About HAYSTACK PROJECT and RCPC

Haystack Project is a 501(c)(3) whose core mission is to evolve health care payment and delivery systems to spur innovation and improve quality in care toward effective, accessible treatment options for rare and ultra-rare patients.

The Rare Cancer Policy Coalition (RCPC) is a Haystack Project initiative that brings together rare cancer patient organizations to focus specifically on systemic reimbursement barriers and emerging landscape changes that impact new product development and treatment access for rare cancer patients.

We strive to amplify the patient and caregiver voice in disease states where unmet need is high and treatment delays and inadequacies can be catastrophic.
